

**Amendment to the Claims:**

The listing of claims will replace all prior versions, and listings of claims in the application:

**Listing of Claims:**

1-4. (Cancelled)

5. (New) A card comprising:

a slit for use in removing a tick or blood sucking insect, which has bitten into or bored down into the skin of a person or an animal, the card being of a size corresponding to a credit card and for keeping in a wallet, pocket or bag, the card being relatively stiff for permitting removal of the tick or the blood sucking insect with the card and including a corner area with the slit, for removing the tick or the blood sucking insect, which has been bitten into or bored down into the skin of a person or an animal.

6. (New) A card according to claim 5, wherein the card has a corner area with a flexible finger which is provided with the slit at an outer end, for removing the tick or the blood sucking insect.

7. (New) A card according to claim 6, wherein the card, in one corner area, is provided with the slit for removing the tick or the blood sucking insect, and the card has another corner area with a flexible finger, which is provided with a slit at an outer end, for removing the tick or the blood sucking insect.

8. (New) A card according to claim 5 wherein the card is provided with instructions on a front side for removing the tick or the blood sucking insect.

9. (New) A card according to claim 8 wherein the instructions are also for treating an area from which the tick or the blood sucking insect was removed.

10. (New) A card according to claim 6 wherein the card is provided with instructions on a front side for removing the tick or the blood sucking insect.

11. (New) A card according to claim 10 wherein the instructions are also for treating an area from which the tick or the blood sucking insect was removed.

12. (New) A card according to claim 5 wherein the card at a back side has film covered fields, comprising a field containing a disinfecting tissue and a field containing an adhesive bandage.

13. (New) A card according to claim 6 wherein the card at a back side has film covered fields, comprising a field containing a disinfecting tissue and a field containing an adhesive bandage.

14. (New) A card comprising:

a corner area of the card with means for removing a tick or a blood sucking insect, which has bitten into or bored down into the skin of a person or an animal, the card being sized for keeping in a wallet, pocket or bag and being relatively stiff for permitting removal of the tick or the blood sucking insect with the means for removing.

15. (New) A card according to claim 14, wherein the means comprises a slit.

16. (New) A card according to claim 14, wherein the means comprises a corner area with a flexible finger which is provided with the slit at an outer end, for removing the tick or the blood sucking insect.

17. (New) A card according to claim 15, wherein the means comprises a corner area with a flexible finger which is provided with the slit at an outer end, for removing the tick or the blood sucking insect.

18. (New) A card according to claim 14, wherein the card in one corner area, is provided with the slit for removing the tick or the blood sucking insect, and the card has another corner area with a flexible finger, which is provided with a slit at an outer end, for removing the tick or the blood sucking insect.

19. (New) A card according to claim 15, wherein the card in one corner area, is provided with the slit for removing the tick or the blood sucking insect, and the card has another corner area with a flexible finger, which is provided with a slit at an outer end, for removing the tick or the blood sucking insect.

20. (New) A card according to claim 16, wherein the card in one corner area, is provided with the slit for removing the tick or the blood sucking insect, and the card has another corner area with a flexible finger, which is provided with a slit at an outer end, for removing the tick or the blood sucking insect.

21. (New) A card according to claim 14 wherein the card is provided with instructions on a front side for removing the tick or the blood sucking insect.

22. (New) A card according to claim 21 wherein the instructions are also for treating an area from which the tick or the blood sucking insect was removed.

23. (New) A card according to claim 14, wherein the card at a back side has film covered fields, comprising a field containing a disinfecting tissue and a field containing an adhesive bandage.

24. (New) A card according to claim 15, wherein the card at a back side has film covered fields, comprising a field containing a disinfecting tissue and a field containing an adhesive bandage.
